## EDMONTON'S BIG BONSPIEL NOW IN PROGRESS

Lloydminster Rink Defeated Fort Saskatchewan Team  
in the First Game for the Grand Challenge—  
Draws For the Grand Challenge

Under most favorable circumstances the opening games in Edmonton's fourth annual bonspiel were played last evening in the Thistle rink.

Large numbers were present to witness the matches, and the waiting rooms at the rink were filled with enthusiasts. Although some of the games were rather one-sided they were very interesting.

Secretary McLean presided at the desk in the waiting room, where the entries poured in until seven o'clock, when the draw was made for the various games. The first games to be played were for the district medals, and for the district trophy. One game was also played in the grand challenge draw. The ice was of the quality that delighted the hearts of the

Skaters. The rink was out by seven points. The rink was out by seven points.

The games for the district medals were played by two rinks from Strath-

cona and two from Wetaskiwin, and resulted as follows:

Rink Number 1.  
STRATHCONA WETASKIWIN  
Klinear, Dinning,  
Miller, Wilkins,  
Supple, Dr. Walker,  
Douglas, A. E. Gayfer  
Skip 12 Skip 4

Rink Number 2.  
STRATHCONA WETASKIWIN  
Maloney, Congdon, Jax,  
Jackson, Benson, Farris,  
Benson, Garrison  
Skip 7 Skip 12

The final game of the Edmonton district for the district trophy was played last night between the rinks skipped by A. C. Fraser, of Edmonton, A. E. Gayfer, of Strathcona, Gayfer winning out by three points. Strathcona rink will now represent this district in the final games to be played in Calgary on February 7th. The rinks which played last night were:

Edmonton Strathcona  
E. Simpson J. Benson  
A. W. Ormsby D. Henwood  
F. Raymer Dr. Walker  
A. C. Fraser A. E. Gayfer  
Skip 8 Skip 11

THIS MORNING'S GAMES  
This morning the spellers were again on the ice at eight-thirty, and the draw for the Grand Challenge was played off. The rink from Poplar Lake, "the farmers" as they were called, showed up remarkably well. They were playing on sheet No. 4, skipped by McDiarmid, against an Edmonton rink skipped by Galbraith.

## TENDERS WILL BE ASKED THIS WEEK

Large Section of Grand Trunk Pacific  
Will be Under Contract by  
March

Ottawa, Jan. 22.—About the end of the present week tenders will be asked for the construction of 245 miles of the transcontinental railway from Winnipeg to connect with the Lake Superior branch of the Grand Trunk Pacific and for 150 miles from Quebec westward. It is expected that the road will be constructed from the wheat fields to Lake Superior in time to take out part of the crop for the season of 1907. At any rate if the Grand Trunk does its portion the Transcontinental Commission will be able to do its part. By the first of March these two sections will be under contract and the balance of the road will be placed under contract as speedily as possible.

## VICTORIA ANNIVERSARY

London, Jan. 22.—Today being the anniversary of the death of Queen Victoria, who died Jan. 22, 1902, a memorial service for the late queen is being held at the Freemason mausoleum today. Dean Eliott will conduct the service in the presence of the king and queen and other members of the royal family. The musical part of the ceremony is under the direction of Sir Walter Parratt, with the assistance of the clerk and choristers of St. George's chapel. The mausoleum will be open all afternoon to visitors who had been fortunate enough to obtain tickets of admission.

## CALGARY STREET RAILWAY SCHEME

Herald: Though the city commissioners are not at present prepared to report to council on the street railway question, many phases of the question have been discussed and a lot of information compiled.

For the purpose of comparison, a line five and a half miles in length was figured on. Including everything necessary in the way of rails, poles, wiring, etc., and four cars, the cost of a line this length would be about \$90,000. This is for a single track line and would give a 30-minute car service. One mile of track and equipment costs about \$20,000.

Then there is the question of power. The cost of this would be about \$20,000, running the total cost of a line of this length up to about \$110,000. The power plant could be run in conjunction with the electric light station, the street railway either putting in their own plant or having the power furnished by the additional plant in the electric power station.

There is no way of figuring which could give an estimate of the revenue of a street railway. It is almost a certainty that it would not pay at first but how long it would run as a losing concern would in a measure depend on the service and progress of the city. There are two ways in which the track could be laid. One is two parallel lines on the north and south sides of the track, and connected by a line across. This may be called the H. The other would be the same but with cross connections at the ends, making a complete circuit of the city, and is referred to as the S.

Each plan has advantages. The H would not cost as much, but the S would no doubt provide a better service. So it will be up to the voice of the people to be heard as to what they want.

## CALGARY CLAIMS SIXTEEN THOUSAND

Agriculturists Meet to Discuss Brands  
—Lady Drank Poison

Calgary, Jan. 22.—A house census of 2,004 houses in the city. This does not include one large district from suburbs and the hotel blocks. With these it is estimated that Calgary's population is 16,000 at least.

The annual meeting of the hospital board was held tonight. The report shows that 741 patients were treated during the year, with a total of 12,800 days. Finances are in good shape and the surgical ward will be built this year.

A meeting of agriculturists of Saskatchewan and Alberta is to be held here tomorrow to discuss uniform brand regulations. It will be attended by Hon. W. T. Finlay, Hon. W. J. Motherwell and the executives of the live stock associations in the two provinces.

Mrs. N. S. Glass took a dose of carbolic acid last night by mistake. She will recover.

The famous Latimer case comes up today. Latimer is a Philadelphia man, head of the Provident Investment Co., a fraudulent concern, and is said to have defrauded investors out of \$19,000. The motion here is for arrest for fraud, and was re-arrested yesterday charged with embezzlement.

## ALLEGED CRIMINAL IN CALGARY

Calgary, Jan. 22.—The Latimer case, which will come up for trial this morning, will be adjourned till tomorrow. Then one of the most sensational cases that ever came before the western public will be held before Chief Justice Sifton.

Latimer came to Calgary in November. About three weeks ago the State of Pennsylvania started proceedings against him and he was arrested in Calgary on instructions from Montreal. When the arrest was made, Mr. Latimer, who had established a fairly solid acquaintance in Calgary, announced that he was wanted in the east as a witness. His bail bonds were signed by two prominent persons in Calgary, and he had established quite a firm connection here.

Yesterday the two persons from Philadelphia arrived. They are not after the witness, but are after the man, who is wanted in Philadelphia on three serious charges. They are armed with an order for extradition, signed by the President of the United States, as the man who has been reported by the grand jury as guilty of charges mentioned, namely, that of conspiracy, embezzlement, and obtaining money under false pretences.

The case is one of the most interesting that has ever been heard in Calgary. There is romance, crime, in fact all manner of emotions in the calendar. It is said that there is in Calgary at the present time a lady who has been true to Latimer for the last five years, who was stenographer to Latimer when in Philadelphia, who followed him to Europe, who followed him to Calgary, who is known now as Margaret Emerson, and who is at the present time reading one of the avenues of this city.

The prosecution has the entire record of Latimer. In eastern cities he is known in certain quarters as "Handsome Harry," and has been through many an interesting episode as "Handsome Harry." In fact the man, Latimer, if the case is true that is used against him, has led a most interesting life, for in his few years of life, there has been charged up against him all the crimes that are distinctly American, such as bigamy, gambling in the most extreme form, and many other things.

But that is the story of the prosecution. Of Latimer himself, it must be said that he is a very likeable fellow, with all the attractions and graces of an up-to-date American. He is an interesting person to talk to, belongs to all the lodges, and is really a very good fellow on first appearance.

## TURRET SHIP WENT DOWN

Explosion on Brazilian Vessel Results in Great Loss of Life

Rio Janeiro, Brazil, Jan. 23.—The Brazilian turret ship Acapulco has been sunk at Port Jacarepagua, south of Rio Janeiro, as the result of an explosion aboard. Three hundred of the crew perished and only one officer was saved.

Ottawa, Jan. 22.—Canada's aggregate trade for the six months ending December 28th last shows an increase of \$31,516,757 over the returns for the same time in 1904. The aggregate trade was \$273,556,227, compared with \$222,039,470; the imports including dutiable goods and free goods were \$133,814,210 against \$106,770,560; the exports were \$140,213,816 an increase of \$21,988,026, compared with the same six months of the previous year. In the Fisheries there was an increase of over two millions, in animals and their products of about four and a half millions, while there is an increase of twelve million dollars in agriculture. Manufactures increased by over one million dollars and the output of the mine and forest wealth remained about the same as in the year previous. For the month of December there was an increase of about three millions in imports and over two millions in exports.

## CENSUS IN JUNE

Premier Rutherford had a letter from Archibald Blue, chief of the census bureau in Ottawa, asking him for the number of votes polled in the different polling constituencies in Alberta, by which to fix a basis for the establishment of the census division for the census to be taken in June next.

## FUR MARKET SHOWS UNEXPECTED STRENGTH

Prices Not as High as at Last Winter Sales, but Higher than was Anticipated.

The first reports of the fur sales in London were received by McDougall & Secord this morning and bring the welcome news that the market has shown unexpected strength in the old country. Right up until the day before the sales, advance information and trade reports all predicted that the prices would be, if not the lowest recorded, at least very low. The reports so far received, however, upset all calculations and prove the bear movement on the fur market has been unfounded.

Prices are not as high as they were at this time last year, but they are much higher than was expected. The report of the Hudson's Bay sales states that beaver are five per cent lower than at the January sale of last year. Spring rats are selling at 50 per cent higher and fall and winter rats at 35 per cent higher. The Lampsone report, sent out by Fraser, the New York agent of C. M. Lampsone, puts beaver at the same as at this time last year. Lynx, which is the most important skin this year, is quoted at 15 per cent lower last March, and other at ten per cent lower. Lampsone, so far, has not made any quotations for rats or beaver.

O. F. Monjo, the New York agent of Nesbitt & Co., whose sales take place in London on the 29th of this month sends out a report that beaver are seven per cent higher, muskrat 40 per cent higher, lynx forty per cent higher and other 20 per cent higher than in October last.

So far, McDougall & Secord are the only dealers who have had cables from their agents, either in London or in New York. Ross Bros. although not now in the fur business, still get reports, and will probably receive advice from the old country this afternoon.

The local agency of the McMillan Co. usually receives pretty extensive returns. Revillon Freres, although large buyers of furs in this country never go onto the London market to sell, as they manufacture and sell the goods out of their own stores in France. Consequently they are interested only in a general way in the outcome of the sales. They receive extensive reports from their own houses, however, which usually give a very comprehensive idea of the trend of the market. Their advance word so far received, from the old country indicates that the prices, while not as good as last year, are higher than was expected.

## BREEZY ITEMS FROM ACROSS THE RIVER

Strathcona Scots Will Commemorate the National Bard—Police Court News — Personal Items

Special to the Bulletin.  
Strathcona, Alberta, Jan. 22 '06.

**PERSONALS.**  
Mr. Troway is registered at the Windsor Hotel. He came in Sunday night over the C. N. R. and is going down the C. and E. near Wetaskiwin to secure his son's homestead. It appears the young man had just completed his homestead duties and gone to B. C. where he was killed. The father was a farmer in Minnesota U.S. and has several boys there. He contemplates selling out and coming up here in the spring.

Mr. Galbraith, late of York Co., Ont. and now of Nanaimo, Alberta, travelling representative of the I.C.S. Scranton, Penn. U. S. is in town.  
Mr. Gainer's staff is busy getting ready two car loads of dressed hogs for the eastern markets.  
Mr. J. Stewart is in town to-day. He reports so little snow for his lumbering operations and that he has to use tanks to flood the roads to make ice roads. He has worked for two years and does not purpose "breaking camp" for the threshing season. He anticipates a rise in price of lumber.

The G. T. P. are making another survey between Clover Bar and Strathcona.  
Mr. McLean, late head miller with the Edmonton Milling Co. has just gone east to Blenheim, Ont. to fill a good situation there.

Mr. Joshua Saw, late of Neepawa, Man. has charge of the Edmonton mill until the arrival of Mr. McLean's successor.  
Mr. Skanlan injured in the late bus accident on South Hill is still unable to work owing to injuries sustained on that occasion.

Messrs. Davidson & Wolfe are to fit up suitable apartments for new Section Downes.

**BURNS' ANNIVERSARY.**  
The 17th anniversary in honor of the birth of the great Scottish bard will be held in Ross' Hall, Thursday evening, Jan. 25 at 8 p.m. The President will preside. Dr. Keane will give an interesting paper on the life and work of the great poet. Other noted talent has been secured. Messrs. Baxter, Phillips, Young and Fraser, comprise the committee. Indications are that this will be the event of the season. All poets and those who admire the great National Poet will enjoy a great treat by being present on that occasion.

**POLICE COURT.**  
Henry Ward in charge of a horse and cutter was charged with being drunk and disorderly. He appeared in court this a.m. before magistrate Connolly. He pleaded guilty and the magistrate gave him an option of a fine of \$500 and costs or three days.

Strathcona, January 22.  
Mrs. P. T. Clarke and children arrived in town last Friday night from the East to join her husband, who has been a busy citizen here for some time.

Mr. W. Jackson, of Winnipeg, arrived in town by afternoon train. He is here to recuperate and is the guest of his son-in-law, Mr. R. B. Douglas of Douglas Bros.

Mr. W. Gaudier, of Sandy Lake while cutting wood last Wednesday was struck on the head by a broken limb which fell from a lodged tree and rendered him unconscious. He is at the Commercial Hotel and under the care of Dr. Craig.

Mr. J. E. Powell, who was with Mr. Shields, Yard Master C. P. R. is rapidly recovering from scarlet fever. Mr. Powell is from Vegreville where his wife and family reside. Dr. Macintyre is in attendance.

Messrs. Bishop & Co. came in from Pigeon Lake with four tons of fine white fish, bought from Indians out there. They are for Mr. Gainer, who is busy shipping in car-load lots for the Eastern markets.

Mr. E. Woodman, of Olds district organizer of Canadian Order of Foresters is in town and making his headquarters at the Royal Hotel. He reports good progress in organizing new and re-organizing old lodges.

The Moneybags Brothers and Mr. Hicks of Cooking Lake are in town. Mr. J. McLaughlin, of Fort Saskatchewan, who lately joined the beneficiaries with Miss Susie Shackleton left town this afternoon en route to Wetaskiwin on business. He has just come home from his honeymoon and confederates at an early date opening up a hotel in one of our young growing towns on the C. N. R. The funeral of the late Miss Jean Beaton took place today at 2 p.m. from the family residence here. The remains were taken to the Baptist Church where the Rev. Mr. Corey preached a sympathetic sermon. Deceased was a very clever and estimable young lady and the large number of citizens and friends who assembled today in the exceedingly low temper-

ature to render their last respects to the deceased is an evidence of her worth and the esteem in which she was held by her many sorrowing friends.

The Young Peoples Society of the First Presbyterian church held their annual meeting last evening and elected officers as follows: President, (J. Thom); Vice-President, Miss Armstrong; Secretary, Miss M. B. McKinnon; Treasurer, Miss Sutherland; Organist, Miss Alice McDougall; Conveners of Committees, Mr. McEduards, Miss McLeod, Mr. Silletto, Miss Boyle. The question of taking a census of the young people of the church was discussed, and it was decided to take immediate action in the matter.

**NOTICE.**  
Notice is hereby given that an application will be made to the Parliament of Canada at its next session for an act to incorporate a company to be known as "The Grand Trunk Pacific Telegraph Company".  
To establish, construct, or acquire by purchase, lease or otherwise, and to maintain and operate any overhead, underground, wireless or cable lines of telegraph or telephone from and to any place in Canada or elsewhere, and to make connections with any telegraph or telephone lines, including cables, and any system of wireless telegraphy now or hereafter in use in Canada or elsewhere, or for the working in whole or in part of the lines of the company.  
To enter into any arrangement with any person, board or company possessing, as proprietors, any line of telegraphic communication or wireless telegraphic or other apparatus, upon such terms and in such manner as the board of directors from time to time deem expedient or advisable.  
To manufacture, purchase or otherwise acquire, lease, deal in, sell and dispose of instruments, apparatus, plants and appliances used or for use in connection with a telegraph or telephone business.  
To acquire or dispose of any rights in letters patent, franchise or patent rights for the purposes of the company's undertaking.  
To maintain and repair telegraph lines or others within the Dominion of Canada or elsewhere;  
To erect, maintain and keep up their line or lines, along the side of or across any public highways, bridges, water courses or other such places, or under any navigable waters either wholly in Canada or dividing Canada from any other country.  
To enter by and through their workmen and agents, duly authorized, and upon the lands of His Majesty, or any person or persons, or bodies politic or corporate whatsoever, and survey the same, or any part thereof, and to set out and ascertain such parts thereof as they think necessary and proper for making the said telegraph or telephone lines.  
To erect in or upon such lands, such posts, station houses and other works as the company think requisite and convenient for the purposes of the said line or lines, and to erect works upon or across any non-navigable river, necessary for making and completing the said line or lines.  
To cut down the trees and underwood for the space of fifty feet on either side of the said lines wherever the same shall pass through any wood, and to remove the same.  
To borrow such sum of money, not exceeding the amount of the paid up capital of the company as the shareholders deem necessary, and to issue bonds therefor, which shall be and form a first charge upon the whole lines, works and plant of the Company, in such sum and at such rates of interest, and payable at such times and places as the directors determine, for the purpose of carrying out any of the objects or purposes of the Company.  
To enter into contracts with any Government, corporation, company or individual in respect of the construction, acquisition or operation of telegraph or telephone lines, or any public or private improvements in any province of Canada or elsewhere.  
To possess all such other powers and privileges as may have been given to any company having like purposes in view, or as may be incident to or reasonably necessary for the successful carrying out of the undertaking contemplated.

Dated at Montreal this 16th day of December, 1905.  
W. H. BIGGAR,  
Solicitor for the applicants.

## Dear Mother

Your little ones are a constant care in Fall and Winter weather. They will catch cold. Do you know about Shiloh's Consumption Cure, the Lung Tonic, and what it has done for so many? It is said to be the only reliable remedy for all diseases of the air passages in children. It is absolutely harmless and pleasant to take. It is guaranteed to cure or your money is returned. The price is 25c. per bottle, and all dealers in medicine sell.

## SHILOH

This remedy should be in every household.

## LUMBER PRICES GO UP.

Lumber prices have advanced in Edmonton in correspondence with the recent advance on the coast and in the mountain mills. In B.C. prices have been rising steadily for the past twelvemonth, but up to this week no advance has been made by the local dealers, and they claim that for the past few months they have been selling shingles and some grades of lumber at cost. Last week, however, the price of shingles was again advanced 15 cents, and the price has gone up here 25 cents to correspond with the advance made by mountain mill men on this and former occasions within the past year. Lumber prices were also advanced by the coast mills, the advance ranging from \$1 to \$2 per thousand. The same advance has been made by the local dealers in B.C. lumber in Edmonton and along the line of the Canadian Northern. Native lumber, rough, has gone up in sympathy to the extent of \$1 per thousand.

## FALL WHEAT AT PEACE RIVER

F. S. Lawrence of Fort Vermilion, on the Peace River, is a visitor in the city, staying at the Alberta Hotel.

He considers Mr. A. Brick a probable candidate for Legislative honors. The prospective nominee has been a resident of the Peace river country nearly all his life, his father having been a Church of England missionary in the then unknown northland. Mr. Brick is a Liberal and has considerable ability, and Mr. Lawrence says, fulfills all the requirements of a good member for a pioneer district like Peace River. Mr. Lawrence says that there was a rumor to the effect that he was going to accept a nomination himself, and go into the field as a candidate for election, but he wants this report denied, as he has no intention whatever of going before the electors.

Mr. Lawrence was also himself a pioneer of the Peace River country, having been in the farming and milling business for years. Last year he had 300 acres of grain in crop, and reports that the country around Fort Vermilion is no experiment as a farming country, but that he has proved its capabilities for many seasons past. The crop last year was not as good as might have been desired, owing to an unusually dry summer but the average from year to year is as good as any in Canada. There are many settlers going into the Peace River country, and all are looking forward to the day when they will have a railway as a connecting link with civilization. There are still homesteads for all, Mr. Lawrence says, in the country in which he lives; in fact a large part of the land is not yet surveyed, and acting gratuitously as an immigration agent he has had a busy time for several months past answering the letters of people who desire to learn about the Vermilion country.

Mr. Lawrence reports that he has had unqualified success with fall wheat in the Vermilion district, and that were it not for the heavy expense of packing seed into the country that there would be a much larger acreage there than there is. As the seed would have to be freighted from Edmonton to Peace River Crossing and taken from there down to Vermilion on boats, at a very heavy expense, the proposition is too much for any of the settlers who are in there at the present time. However, this matter will right itself in time. A sample which he took in from Edmonton has shown very well, and has at least proven that fall wheat in that country is all right.

As an example of how fast wheat grows in that northern region, spring wheat sown on the 10th of May last summer was ripe and ready to cut on the 4th of August, allowing only 86 days for growth from the seed to maturity. This record is probably unbeaten anywhere in the world.

The wheat grown in the country is ground right there, and used in supplying the local and northern trade. There are three mills at Fort Vermilion, one a roller mill owned by the Hudson's Bay Company; one by the Roman Catholic Mission, and the third by Sheridan Lawrence. They are turning out a very fine grade of flour. The farmers get from \$1.25 to \$1.75 a bushel for their wheat.

## For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other."—L. Elder, Nanaimo, B.C. If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Let's that fair? 25c. is the price. All dealers in medicine sell.

I have studied the making of cigars all my life and I know just what style of rolling makes the best smoke.

I have taken the young men of Granby and taught them to make cigars my way—and I watch them to see that each cigar is made that way. If I made every one of my Pharaoh cigars myself they couldn't be more carefully or more perfectly made.

The result is that my

## Pharaoh Cigar

is not rolled so tight that it draws hard or so loose that it burns badly—just the right amount of filler, properly held by the binder, and finished with the wrapper so it smokes freely and burns evenly.

The test of a cigar is the smoking of it, and I am sure after trying my cigar you will agree with me that it is an excellent smoke.

Every genuine "Pharaoh" cigar is branded "Pharo."

## A CONVENTION

The Haultainites are holding a pow-wow in Moose Jaw today. That is, the event was advertised for today and it is presumed the braves have assembled according to program. The gathering was billed as a "convention," but it possesses several novel features which may serve to perpetuate it in history as the precedent for an entirely new brand of political gathering.

It is a fatherless flock which assembles today in Moose Jaw. Mr. Haultain has been openly accused of investigating the gathering and has not denied the charge, but the press despatches of Friday announced that the Honorable Gentleman left Winnipeg for the east. Why does he leave his people thus? Have we not been assured for months that since the merger which cost the Saskatchewan Conservatives their identity, and was supposed to give them the allegiance of disgruntled and ill-advised Liberals, that Mr. Haultain was the peculiar and exclusive luminary of that province? Why then this sudden eccentricity in the appointed orbit of the political planet? Why dissipate his rays in the unresponsive darkness of Ontario when they might have illuminated the gloom of his own proper sphere and been reflected from the accumulated moons, satellites and meteorites which gravitate about him in Saskatchewan? Or is it an eclipse rather than a variation? Or has the law of gravitation ceased to hold the sun and its attendant orbs in harmonious relation? Or can it be (parish the thought!) that the satellites have found the luminary a poor generator of political warmth and have resolved that no sun at all is better than one extinct? However it may be, the Saskatchewan Conservatives are meeting today and Mr. Haultain is not among them.

Note, too, that this is a free-for-all affair. We are told that: "Any active supporter of the party may consider himself a delegate. No credentials are necessary other than good faith." That should be sufficiently wide. No notice is taken of race, color or previous condition of servitude and whoever will may appoint himself and parade with the best of them as a full blown delegate. Credentials are needless, representative character unnecessary, nothing requisite but the payment of single fare for a return ticket to Moose Jaw. Any man who voted Haultain last fall is delegate and only the unanimous nomination of himself is required to make his election sure. Such cosmopolitan invitations are rare.

Being a free-for-all with no entrance fee the starters are naturally unlimited. The announcement reads: "No limit is proposed in regard to the number of delegates and as many supporters of the Haultain platform as can attend, will be welcomed. The candidates who entered the field in support of that platform in the recent election, are expected to be present."

Naturally, also the assemblage is thoroughly irresponsible in character. Three hundred gentlemen were expected to be found willing to elect themselves and pay their own fares to Moose Jaw, there to represent themselves and nobody else. Primaries and district conventions and all the usual means by which a convention is made to represent and speak for a considerable proportion of the electorate—these were cut out and the delegates will bring nothing but their return tickets and their grievances. Considering the composition of the party, the sessions promise to be lively enough. Three hundred critically disposed persons, dissatisfied Tories, disgruntled Grits, disaffected non-descripts of all classes and colors are likely to do some considerable talking of the volcanic and generally regardless nature. Haultain chose well; the rigors of an Ontario winter are less to be dreaded than the troubles of "leading" such a bunch.

Nor is there limit or specification as to subjects to be discussed or other indication of the purpose of the gathering. The program is a blank. Again considering the composition of the "party," this arrangement is well. To attempt to restrict, direct, limit or define discussion among the self-selected representatives of the Adulterates would be to invite disaster. No subject will therefore be out of place and no motion out of order. Disquisitions of any length and nature may be delivered on any theme and resolutions of any complexion and purport brought before the house. Candidates may or may not be selected for any position within the range of envious eyes and on whatever platform is calculated to win the greatest consideration from the public.

The Saskatchewan Conservatives have accomplished some interesting manoeuvres during the past year. When in party convention they resolved to go

out of business as a party, they made a reputation of a kind; when they stole the traditional banner of their opponents, and avowedly took to political piracy, they paralleled their first performance, but in holding a "convention" without leaders, delegates or purpose, they are certainly establishing a record.

## SOUR GRAPES?

(Letter in London Daily Mail)  
Appropos of Commissioner Coombes proposal to start a matrimonial bureau so as to provide the bachelors of the North West of Canada with wives, I would like to say that I have just returned from Canada, after having spent a year both in the East and West, and have stopped at farmhouses and homesteads of various kinds and mixed with all the different classes in Canada. Knowing what I know I would never advise an Englishwoman to go to Canada, particularly not as a worker on a farm or with a view to becoming a farmer's wife.

The women have to do their own washing (water has to be fetched out of doors with the thermometer many degrees below zero), dress-making, bread baking, cooking, and many do their own dyeing, white-washing, paperhanging, and "chores" (the light work out of doors around the farm, such as chopping wood, etc.) Many get up at five or six and work till late at night. Added to this the loneliness is terrible, the only amusement in the country being as a rule, a death birth, marriage, or the visit of the minister. Women ever hardly find time to go for a walk or to cultivate a little garden, or keep their house really clean or tidy.

One wonders at the hundreds of girls to be seen in the cities when one hears of all the "bachelors wanting wives"; but I ceased to wonder after having questioned a young Canadian lady on this subject. She said: "We know too much to go out West; the very thought makes one shudder."

One Who Knows.  
Boulogne-sur-Mer.  
The time is opportune for some shrewd but cruel critic to surmise that the writer is a lady whose views are marked by disappointment rather than determined by observation.

## REQUIEM

Pale, solemn, and still, are the bells tonight;  
The hills are but ghosts of the hills we knew,  
For the snow mounds rise where the bluebells grew,  
And wan are the ways that were rose bedight,  
The flakes, in the fluttering robes of white,  
Wing hither and yon, in a dull review—  
Pale, solemn, and still, are the bells tonight;  
The hills are but ghosts of the hills we knew,  
In a winter sky gleams a moon, clear bright,  
To lighten the gems that the frost-kings throw,  
And the North Wind, moaning a song long due,  
Is restlessly waiting his wayward flight,  
Pale, solemn, and still, are the bells tonight;  
The hills are but ghosts of the hills we knew,  
—Stacy E. Baker, in Recreation for January.

## THE OPEN SHOP WON

(Montreal Herald)  
The Gazette job room strikers held a meeting this morning and decided to accede to the demands of the Gazette management for an open shop and return to work. All the men except those whose positions had been filled during the strike returned to their work at one o'clock today. Twenty-nine had gone out and from twenty to twenty-three will now be taken back and the rest as soon as positions can be found for them.  
The settlement was effected after a conference with Mr. Thomas Larkin, foreman of the job room, who made it plain that there was no ill-feeling on his part, but if they returned the Gazette must henceforth be an open shop. It is stated by one of the union officials that the open shop will apply to the news room also.

## FARMER'S MARKET

Wheat is a trifle lower today than last week, but otherwise the farmer's market is unchanged.  
The Dowling Milling Co. quotes wheat at 60 cents for No. 1 northern, and 59 cents for No. 2.  
At the city market oats are still quoted at 23 cents for feed and 25 cents for milling. Barley is 25 cents for feed.  
Coal remains unchanged at \$3.50 a ton, and deliveries are large. Other deliveries are light today.

## TOWNSHIP 48,

All 31-48-14. This section is nearly all open land, soil of black loam, clay subsoil, the G. T. P. survey runs within half a mile, \$9.00 per acre.

## TOWNSHIP 49.

All of 19-49-13. Surface slightly rolling, nearly all open land. Since the rise in C. P. R. land this is exceptionally good value at \$8.00 per acre.

N. 1/2 35-49-19. About half of this land is open, balance has some small brush; very rich black soil, ten acres of meadow on the north-east corner, \$9.00 per acre, \$1280 cash, balance equal annual payments.

All of 27-49-18. Some brush and small poplar groves, surface nearly level sloping slightly to a draw on each side, soil deep black loam covered with a heavy growth of grass. This would make a splendid farm, can sell separately east or west half, \$9. per acre, easy terms.

## TOWNSHIP 50.

E. 1/2 35-50-24. Surface slightly rolling. Some brush. Log house and two miles of wire fencing, \$7.00 per acre, easy terms.

## TOWNSHIP 51.

S. 1/2 12-51-13. 320 acres, good soil, \$2400, half cash, balance easy terms.

N. E. 1/4 15-51-25. This is a good quarter section for any party wanting an improved farm. 62 acres under cultivation, small log house and stable. Three miles from C. P. R. station, half a mile from school, 3/4 of a mile from church. The soil is good, being a deep black loam, clay subsoil, \$2450 with cash payment of \$950, and \$1000 a year until paid.

W. 1/2 15-51-15. This is a beautiful half section, surface slightly rolling, some brush and poplar groves, about 70 acres hay meadow, soil very rich deep black loam, clay subsoil, \$9.00 per acre, one third cash, balance one and two years.

## TOWNSHIP 52.

W. 1/2 16-52-13. Mostly level, soil deep black loam, clay subsoil, nearly all open land, 15 acres broken this year. This is a choice piece of land well located one and a half miles from C. & R. station, \$9.00 per acre, half cash.

E. 1/2 and N. 1/2 W. 1/4 32-52-13, 480 acres. Slightly rolling, soil deep black loam, with a heavy growth of pea vine and vetch, very little brush, \$8.00 per acre, half cash. River lot 27 of the Edmonton Settlement, 758 acres, joining the Saskatchewan River. This is an improved farm one and a half miles from Edmonton. 75 acres broken; frame house of six rooms, good stable and granary, with plenty of coal in the river bank. This farm will some day divide up for market gardens. Offered today at \$100.00 per acre, \$10,000 cash, balance on a mortgage at 8 per cent.

## TOWNSHIP 53.

Fracs. S. 1-2 28-53-23, 198 acres, surface slightly rolling, soil black loam, 4 to 9 feet deep, with clay subsoil, 100 acres cultivated. Log house 16x28, 1-1-2 stories high, small log barn. For a man wanting an improved farm this is one of the finest that is offered. \$30 per acre, \$1000 cash, balance 1 and 2 years.

N. W. 1/4 18-53-21. Surface slightly rolling, soil a deep black loam with a clay subsoil, good value \$12.00 an acre, half cash, balance 6 and 12 months.

E. 1/2 28-53-22, an improved farm 7 miles from Fort Saskatchewan, surface slopes slightly to the creek, running across the half section, soil deep black, clay subsoil, 80 acres under cultivation, all fenced with wire, tamarac posts, one mile from school, telephone and church. This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

All of S. 33-15. Surface slightly rolling, soil black loam, clay subsoil, a creek runs across the east half of this section, water the year around; this is a fine section, and well located, one half mile from railroad siding; \$8.00 per acre, \$2300 cash, balance annual payments.

W. 1/2 9-53-15. Slightly rolling, and nearly all open land, one and a half miles from C. & N.R. siding; \$8.00 per acre, \$1500 cash, balance mortgage four years with option of paying at any time.

S. E. 1/4 12-53-19. Surface slightly rolling, soil black loam, clay subsoil, 75 acres under cultivation, log house 16x24, two stories, kitchen, 12x18, barn and stables, two

good wells of water, and a creek running across one corner. This is a good property for a man wanting an improved farm. Would suit sheep, cattle and horses with the farm. This farm without stock \$3000, half cash, balance two equal annual payments.

## TOWNSHIP 54.

S. 1/2 21-54-16. This half section was picked out some years ago. The soil and location is the best. \$9 per acre, easy terms.

W. 1/2 3-54-26. Almost level, soil of black loam with very little brush, could all be cultivated, but about twenty acres of meadow in one corner. Half a mile from the post office and store. This is a splendid farm and is offered cheap at \$11.00 an acre, \$1000 cash, balance easy terms.

S. 1/2 31-54-15. Good half section near store and school, \$8.00 per acre, \$800 cash, balance easy terms.

## TOWNSHIP 55.

W. 1/2 7-55-25. Surface slightly rolling, soil of black loam, with a clay subsoil. This is an extra good half section for grain and stock, \$10.00 an acre, half cash, balance yearly payments.

S. 1-2 and N.W. 1/4 17-55-25. 480 acres, all fenced with wire and rails, 220 acres under cultivation, four miles from Morinville, town on the C. N. R., \$17.00 per acre.

N. E. 1-4 34-55-22, and S. 1/2 and N. W. 1-4 35-55-22, 240 acres all fenced with wire, six miles from Fort Saskatchewan, half a mile from school, \$9.00 per acre, easy terms.

## TOWNSHIP 56.

N. W. 1-4 5-56-22. Surface slightly rolling, soil black loam, clay subsoil, 70 acres under cultivation and fenced, about 50 acres of timber. This whole quarter can be cultivated with very little work, has frame house 16x20 one story and a half high, \$15.50 per acre, \$1500 cash, balance mortgage for two years.

N. E. 1-4 10-56-26. This is a fine improved farm, surface slightly rolling, black loam soil, and clay subsoil. Log house 24x30 stove and a half; granary 20x30 hewed log, all fenced with wire, in a good locality. This farm is being offered for \$2060, and is one of the best buys today.

S. E. 1-4 6-56-23. Locality good, surface slightly rolling, soil a deep black loam, clay subsoil, two miles from school, post office and store, \$7.50 per acre, \$240 cash, balance six equal annual payments at 7 per cent interest.

## DAYSLAND PROGRESSIVE

Dayland, Alta.—This new town, situated fifty miles east of Wetaskiwin on the new branch railway which the C. P. R. is building eastward, is a luscious infant. Just three months ago the townsite was clean open prairie, without a building on it; it was marked only by the stakes delimiting townsite and the streets. Today some forty buildings are in course of erection and by spring this will be a thriving business centre. There has been a daily train service here since the first of the year.

This is a partial list of the buildings now being built, Dayland Trading Company, handling lumber, lime, etc., Wray Lake Lumber Co., J. E. Vandenberg, grain warehouse; Gordon & Barker, general merchants; H. Bentley, furniture and hardware; Whyte & Orr, hardware; Garner & Co., general merchants; Facey, blacksmith and carriage shops; O'Donoghue & Carroll, livery stable; the Angus hotel in course of construction; Carstairs hotel, lands and material purchased; one church constructed and two others in sight, with several residences, restaurants, etc.

Mr. E. W. Day, the founder of the town, was here a few days ago from Wetaskiwin, which is his present headquarters, although he will be located here shortly. He reports a continuous sale of lots and says that construction of forty additional buildings will be under way in a short time.

The Angus house, is one of the most modern, well laid out, and well furnished hotels in the west. Up to date heating and sanitary appliances have been installed. It is a three-story building containing about forty rooms and would be a credit to any city. The handsome hotel will be opened in about a week or ten days, when a dance will be given for the young people in the neighborhood. An excursion train will run from Wetaskiwin on that occasion.

The town water supply is derived from wells which have recently been sunk; the water is excellent and abundant. The C. P. R. has laid out very large yards here and it is said will haul twelve hundred cars of construction material to this point during the winter.

Settlers continue to arrive every day at this point. Land seems to be in demand and a great many thousand acres have been sold during the last two or three months. The settlers appear to be a very superior class; a large percentage of whom are Americans.

The fuel supply of the town is a local product of coal, which is giving every satisfaction and is sold there at about \$4 per ton, delivered.

This town, from an outsider's point of view, promises well. It is splendidly located on high open prairie, which in the near future will be one vast wheat field.

Two new townsites, east of Dayland will be opened up and placed on the market at once. The first townsite east of Dayland has been named "Strome" and the second "Killam." This latter is in honor of Hon. A. C. Killam, ex-chief justice of Manitoba, the chairman of the railway commission.

## SOUTHERN ALBERTA RAILWAYS

(Lethbridge Herald)  
Application is to be made to the legislature at its coming session for an act to incorporate the Alberta Southern Railway, which proposes to build lines from this town.

One branch will run from here to Calgary, another in a westerly direction towards British Columbia, and a third from Macleod to intersect the branch from here to Calgary and on to Medicine Hat.

L. M. Johnstone represents the persons who are making this application but when a Herald man braced him in his office for the names of those behind this road, he smiled and intimated very pleasantly that he could not tell us. Down in Regina, application for the Canadian Central Railway is being made. This road will have branches north, west and south, and it is surmised that J. J. Hill is at the back of it.

Mr. Johnstone was asked if Mr. Hill had anything to do with the Alberta Southern, but he did not enlighten us. "Is the new railroad certain to be built?" the Herald asked.

"Beyond a doubt," replied Mr. Johnstone.

This was cheering news, and the newspaper man left with the impression that Lethbridge was certain of new railways, no matter whether J. J. Hill or T. G. Shaughnessy was backing them or not.

**TREATMENT FOR SMUT AND SELECTION OF SEED GRAIN.**  
(From a pamphlet issued by Prof. Clarke, Dominion Seed Commissioner.)  
The treatment with diluted formaline has proved to be effective for both loose smut in oats and bunt in wheat.

Various strengths of the solution have been recommended. If it be practicable to immerse the seed for twenty or thirty minutes, one pound of formaline to forty gallons of water is sufficient to destroy the vitality of the spores of either loose smut in oats or bunt in wheat. When a large quantity of seed has to be treated or should it be necessary at any time to adopt the method of sprinkling the grain and afterwards mixing the bulk thoroughly so that all the grains be well moistened by the solution, it is thought advisable to make the solution somewhat stronger, probably one pound (about one pint of formaline—10 per cent solution of formaldehyde) to twenty-five gallons of water would give satisfactory results if the seed be well mixed after sprinkling. Solutions considerably stronger than this have been used and are sometimes recommended. Nine ounces of formaline to ten gallons of water—about one pint of the liquid to 18 1/2 gallons of water—would seem to have the effect of appreciably lowering the percentage vitality of the seed and in reducing the vital energy of the young plant. In this respect the influence of formaline is not dissimilar to that of bluestone, and it should be remembered that the stronger the solution in either case the greater injury to seed, and therefore a larger amount of seed thus treated should be used. After treatment with either bluestone or formaline, it is well to have the seed dried and sown as early as possible. Allowance should always be made for the swollen condition of the seed.

The bluestone (copper sulphate) treatment has proved to be an effective remedy for bunt in wheat. After making exhaustive tests with various treatments for smut, with solutions of iron sulphate, copper sulphate and agricultural bluestone, Prof. Frank E. Shutt, chemist, Experimental Farm, Ottawa, observes that the results of his experiments seemed to indicate that none of the solutions tried are efficacious in preventing the development of loose smut. His observations of the effect of such treatment on the vitality of the seed, is summarized as follows—

1. That the copper sulphate, used alone or with iron sulphate (as in agricultural bluestone) lowers the percentage of vitality, corroborating previous results.
2. That the subsequent immersion in lime-water of wheat treated with copper solution lessens the injurious effect of the latter upon the vitality of the germ.
3. That the iron sulphate, as in previous experiments, as a rule does not affect the vitality of the wheat.
4. The differences between the wheats "thoroughly sprinkled" and "immersed for five minutes" are such that we may consider these methods as equivalent, as regards effect upon vitality.

The reports of plot tests with seed treated as above by Prof. Shutt received from the Brandon and Indian Head Farms may be summarized in the following sentences—

1. That sulphate of iron is not efficacious in destroying smut spores.
2. That the sulphate of copper treatment is the most effective of all experimented with, in preventing the development of smut.
3. That agricultural bluestone occupies usually a position between these two salts in reducing the amount of smut.
4. That the subsequent immersion in lime-water of seed treated with solutions of copper sulphate and agricultural bluestone, lessens the effect of these compounds as smut preventatives, and is not therefore to be recommended.

Our advice, therefore has been: thoroughly sprinkle or immerse for five minutes the seed wheat, using a solution of bluestone (copper sulphate) 1 lb. to 8 gallons, try the seed and sow as soon as possible.

The plan recommended for adoption in the selection of cereal grains—wheat, oats and barley—is simple and quite practicable to the average grain grower. To commence with, a small supply of the best obtainable seed should be secured and sown on clean land, new land or good summer-fallow preferred. Such a plot of the best and cleanest land should be provided every year, and used as a base of supply on which to grow pure seed of the best variety. In order to keep the product of the breeding plot pure, extra care is required to avoid having the grain mixed at time of threshing or while in storage, but the increased value of the whole crop will many times repay for the special attention that is needed to keep the base of supply unadulterated.

With such a lot of land provided every year, the selection of large early ripening heads could be adopted to good advantage and would give handsome returns in the succeeding crops

on the farm. The gathering of large heads can best be done in the field when the crop has just reached maturity, but may be done from the sheaves at any time before threshing. The crop on the seed plot should always be left until fully ripened before being cut.

Much benefit would result if the selection of the best developed heads of grain were made every two or three years only. In addition to eliminating undesirable foreign varieties, this plan would go far towards discarding the less vigorous individual plants. It would be much more effective, however, to have the work of hand-selection carried on from year to year with out interruption.

## SPORTS

### HOCKEY.

The second match in the series be-  
tween the High school and Alberta  
College was played on the college  
rink on Saturday afternoon, resulting  
in another victory for the high  
school by a score of 2 to 0. The game  
was rather tough. The high school  
have a fast bunch of players. Only  
six men were played on a side.

The line-up was as follows:  
High school goal Grady  
Beals point Haskell  
Bowell cover Bush  
Walker centre Kennedy  
Knott right York  
McKenney left DeFabi

The student lawyers of the city  
have had their revenge upon the  
full-fledged lawyers treating them to  
an overwhelming defeat on the ice  
at the Thistle rink on Saturday after-  
noon.

Although the students put it all  
over their superiors in such a fright-  
ful manner, the lawyers put up a  
plucky fight. The young sports were  
too much for them, and the game en-  
ed 7-0 in their favor.

### AMENDMENTS SUGGESTED

Following were the amendments to  
the liquor law asked by the temper-  
ance delegation which waited on Pre-  
mier Scott in Regina last week.

The opening of the bar at seven  
each morning and closing at seven  
each evening. At present the bars  
open at six in the morning and close  
at 11.30 at night.

2 The closing of the bars during the  
whole of election days. At present the  
bar is closed from the time the poll  
opens until it closes.

3 The closing of the bar on holi-  
days, namely Christmas day, and Good  
Friday. At present these holidays are  
observed as ordinary legal festival oc-  
casions.

4 The prohibiting of the sale of li-  
quor to persons under the age of 21  
years. At present the age is placed  
at 18, and the amendment has in view  
the removing of temptation to minors.

5 None but males aged 21 years shall  
be permitted to sell liquor. At pres-  
ent barmaids are allowed, and youths  
are engaged to dispense liquors.

6 The purchasing of liquors from  
persons not authorized to sell it, shall  
make the purchaser liable to a fine of  
\$10 or ten days' imprisonment; likewise  
the person who sells shall be liable to  
the same penalty.

7 Loitering in bar rooms or around  
bar rooms shall not be allowed in the  
case of youths under 21 years of age.  
The same penalty is asked to apply  
as in the preceding amendment.

8 In addition to those already au-  
thorized to interdict a man there shall  
be allowed the privilege to a son or  
daughter, if they are above 18 years  
of age.

9 Leaving the matter of local op-  
tion to the municipality instead of to  
the license district, and the making of  
the majority vote rule instead of the  
two-thirds vote as at present. If such  
an amendment were made now, one  
town in the license list would be al-  
lowed to pass local option without the  
whole district doing so.

10 Placing the matter of local op-  
tion elections in the hands of the  
municipal council instead of in the  
hands of the license commissioners,  
and abolishing the \$100 fee for the  
holding of such an election. This  
would make the holding of a local  
option contest more feasible than at  
present.

11 Local option not passed may be  
submitted every year, instead of every  
three years, as at present. This would  
permit of the taking of the vote at  
present.

12 The cost of maintaining local op-  
tion elections shall be on the munici-  
pality.

13 The appointment of a chief in-  
specter, who would administer the de-  
partment and thus relieve the attor-  
ney-general of all responsibility, ex-  
cept as head of the branch. This  
amendment is asked for that the tem-  
perance people may have the assur-  
ance of a proper carrying out of the  
provision of the ordinance; a man who  
would devote his entire time to such  
work.

14 The taking away from incorpo-  
rated clubs the privilege of selling  
or serving liquors.

15 No screen or blind or frosted  
window shall exclude from the pub-  
lic view any bar room.

16 When an application is made for  
a new license, the whole community  
shall by vote say whether or not it  
is required. At present this is left to  
ten out of twenty of the nearest re-  
sident householders.

17 The allowing of a protest to the  
commissioners by one person instead of  
seven, as at present.

18 Any person qualified by residence  
shall be heard by the commissioners  
either by personal application or by  
lawyer.

19 The changing of the term "house-  
holder," to that of "ratepayer," as-  
sessed to the extent of \$600 last year.

## SUNLIGHT SOAP

Wash oilcloths  
and lineoleums with  
warm water and  
Sunlight Soap, rinse clean and wipe  
dry. The colors will be preserved  
and the surface unharmed.

Common soaps fade the colors and  
injure the surface. Sunlight Soap cleans, freshens and preserves  
oilcloths and lineoleums.

Sunlight Soap washes clothes white without injury to the most  
delicate fabrics, or to the hands, for it contains nothing that can  
injure either clothes or hands.

Sunlight Soap is better  
than other soaps, but is best  
when used in the Sunlight  
way (follow directions).

Equally good with hard  
or soft water.

## LOCAL

—The city council meets to-night.

—There will be a cabinet meeting of  
the Alberta Government at 2 o'clock  
this afternoon.

—A social will be held this after-  
noon and evening in the First Pres-  
byterian church. All members of the  
congregation are invited.

The Boys' Brigades of All Saints  
and the First Presbyterian churches  
will meet for drill this evening at  
7.30.

—River lot 30 is being sub-divided  
preparatory to being put on the mar-  
ket. Rosedale is the name of the new  
suburb.

—Notices were mailed yesterday to  
those selected by the Board of Trade  
excursion to Winnipeg, which leaves  
here on Jan. 27.

—On Thursday evening, Jan. 25th,  
Bobbie Burns' anniversary, the Ed-  
monton St. Andrew's Society will hold  
a banquet at the Queen's hotel, at  
nine o'clock.

—The Richey club of Edmonton  
will hold a dance at the Richey  
hotel on Monday evening, Jan. 29th,  
the occasion being the first anniver-  
sary of the club.

—By an error in yesterday's Bul-  
letin the contribution of P. E. Goode  
of the Imperial hotel to the bonspiel  
was quoted as \$15. Mr. Goode's con-  
tribution was \$25.

—A new grain company, doing busi-  
ness under the caption of The Western  
Grain Co., has been organized in the  
city to buy oats and held for the  
spring market. A. Cleland is the pro-  
moter and moving spirit of the com-  
pany and is buying oats today at the  
flat warehouse on Seventh street,  
alongside the Canadian Northern tracks.  
They are prepared to take all that is  
offered.

—Paul Ross is in the city today from  
the Pembina River, with considerable  
furs which he intends selling to the  
highest bidder. He reports everything  
flourishing at the Pembina. Mr.  
Ramsey and J. Sheppard have just  
purchased an up-to-date traction en-  
gine with full threshing equipment  
and intend to do threshing in that  
district. Mr. Jeffes is running a saw  
mill at the Pembina.

—The writs for the Peace River  
elections are expected to be issued  
at an early date and the returns of  
the elections will probably be known  
before the Legislature meets. Every  
means will be taken to secure con-  
formity with the requirements of the  
present law and to secure the rights  
of the electors. The latest time  
allowed under the present act makes  
this very difficult but it is believed  
it can be done. The Legislature will  
probably be asked to pass legislation  
making better provision for holding  
elections in circumstances where rapid  
means of communication do not  
exist.

—A delegation from the Edmonton  
board of trade interviewed the min-  
ister of public works and the premier  
on Saturday and requested that the  
Dowler Hill trail be repaired and put  
into passable condition as soon as  
conditions would permit. Another pe-  
tition is in from the residents across  
the river living between Strathcona  
and Clover Bar. Minister Cushing  
promised to go over the ground per-  
sonally as soon as the snow is off  
the ground and see what can be done  
in the way of establishing a perma-  
nent highway for the residents of  
that part of the country.

—Port Arthur, Jan. 19.—Last night  
a banquet was given to Frank Mari-  
aggi who leaves in a few days to re-  
side in his native island, Corsica to re-  
side. Mr. Mariaggi first came west  
in 1872 with the Red river expedition  
and has been in all parts. Of late  
years he has accumulated considerable  
wealth, and has made over \$50,000  
in Port Arthur real estate alone with-  
in a year. His health is broken down  
and he returns to his native land to  
rejuvenate. About fifty of the most  
prominent citizens were at the ban-  
quet, and Mr. Mariaggi was presented  
with a loving cup and a menu card  
bearing the autographs of all those at  
the dinner.

—At a meeting of the ministers of  
the city held in McDougall church  
school room at 11 a.m. on Jan. 15th,  
a ministerial association was organized  
with Rev. Jas. Douglass, President  
and Rev. T. T. Reikie secretary. An  
excellent paper on the life and teach-  
ing of Jeremiah by Rev. A. Evans was  
much appreciated. The second meeting  
held yesterday was very interesting.  
Rev. A. M. McDonald presented a  
synopsis of the first part of Stevens  
new book, "The Doctrine of Salvation,"  
which was discussed with considerable  
animation. Mr. Reikie was asked to  
synthesize part two. A cordial invita-  
tion is extended to all interested.  
Clergymen visiting the city are espe-  
cially invited. Meetings are held each  
Monday morning at 11 in McDougall  
church.

—The Young People's Guild of  
Queen's avenue church held a most  
delightful social evening last night, at  
which a good many of the young  
people were present. An enjoyable  
program was rendered. There was an  
instrumental selection on the or-  
gan by Mrs. R. S. Robertson,  
a duet by Messrs. Ro-  
Low. A pleasant feature of the pro-  
gram was an exhibition of club swing-

ing by R. S. Robertson, which was  
greatly enjoyed. Rev. Mr. Reikie  
gave a humorous little speech. Re-  
freshments were served by the young  
ladies, and a pleasant half hour spent  
in social intercourse.

—Tom Davies, said to be the best  
middle-weight wrestler in this or any  
other country and champion of the  
world in his class is a visitor in the  
city today, having come in from the  
south over the C. & E. last night.  
Tom Davies is acknowledged by those  
who have followed wrestling to be the  
best man of his weight, who ever  
stepped on the mat, but he is not fol-  
lowing the same any more now. Hav-  
ing recently closed a long successful  
season he has now moved into the  
capitalist class and is dealing in land.  
He recently made some heavy invest-  
ments in the Big Horn country, in  
Washington, and has come to Edmon-  
ton to look over Northern Alberta  
with a view of putting in a little  
money on this side of the line. Al-  
though he has been in the United  
States most of his time for the past  
two years, Mr. Davies' home is in Na-  
naimo, where his wife is now residing.

## EDMONTON'S BIG BONSPIEL

At the end of the seventh and the  
points stood 13-9 in favor of the Poplar  
Lake men. When the twelve ends were  
played the score stood a tie. An extra  
end was played and the score then  
came to 15-14 for Edmonton. The  
rinks were—

Palmer

On rink two skipped by Stevenson  
from Red Deer and Studholme, from  
Edmonton had a close game; Stud-  
holme winning out by a score of 10  
to 12.

On one rink, Supple, from Strathcona,  
won easily from Stevenson, of We-  
taskwin by a score of 20 to 3.
